Nestled within this studio apartment are two bedrooms, two bathrooms, a shared kitchen, a living room, and a music studio. Each space boasts a palette inspired by the vibrant hues of summer. Let's take a peek into the child's room, tailored to a young school student. Here, serene blue tones intermingle with soft yellows and hints of invigorating red, complemented by gentle, warm lighting that fosters a tranquil and inviting ambiance. Throughout the apartment, these carefully curated color schemes harmonize to create an atmosphere that is both serene and uplifting, infusing every corner with energy and positivity.
